Sept 3 / 2020

Dear Students, Parents, and Families:

We wanted to send you some more updates on how our school reopening plan is progressing. We apologize in advance if there is duplication in the messages, but we don't want anyone to miss out on any updates.

Good Evening Students, Parents and Families

It was great to have our staff back in school today and we are looking forward to seeing all our students back with us next Tuesday. We will send another communication shortly about how this day will look for students.

Our Back to School will be flexible and responsive and we will continue to send home updates as we need to adapt as often as necessary to support any upcoming challenges that present themselves or as we respond to advice / directives from the department of education, regional centre, and public health. I know it's a lot to digest and we will send home another update about the first day for students later this evening.

As always we appreciate your patience, flexibility and understanding . Please contact us if you have any questions or concerns and we will work together with all our stakeholders to resolve them.

Have a great evening

Greg, Marilyn, Glen, and Karen
Halifax West Admin Team
