March 2 2021

Dear Students, Parents, and Families:

Course Selection

Our course selection for the 2021-2022 school year is coming to a close. The student portal has been open for the past two weeks and will close this Thursday March 4, 2021. Students must select their courses for next year through their Student PowerSchool account using their username and password. It is very important that students complete their course selection this week to ensure that we can offer the courses they request. Please talk with your students to make sure their course selection is completed. Students must also return their completed course request form to their D block teacher.

Visit our student services website for all the details: http://hwhsguidance.ednet.ns.ca/?page_id=133

Guidance counselors will be following up with students individually as needed during the month of March to support any students who require assistance. Please encourage your child/student to drop by Student Services if they have any questions about course selection. We are here to help.

Thanks for your help with this important process.

Have a great evening

Greg, Marilyn, Glen, and Karen
Halifax West Admin Team
